

SugamFlow — PO & Supplier Testing Steps

Shop: GEN-DEMO-01

Login: Demo GEN DEMO 01 (SHOP OWNER)

Duration: ~45 minutes

Scenario: ABC Stationery → Ball Pen + Notebook → Confirm → Partial GRN → Backorder → Second GRN → Verify stock

Quick glossary (read first)

Term	Meaning
Supplier	Company you buy stock from
Supplier Master	Official list with GSTIN, phone, payment terms
Supplier Catalog	Products this supplier sells you + MOQ, lead time, last price
PO (Purchase Order)	Formal order document sent to supplier
GRN (Goods Receipt Note)	Record of goods physically received
MOQ	Minimum order quantity supplier accepts
Lead time	Days from PO to delivery
Partial delivery	Supplier sends less than ordered
Backorder	Remaining qty supplier still owes
Accepted qty	Good stock that increases inventory

Before you start

Check	How to verify
UI running	Open http://localhost:4200
Stock service up	Suppliers page loads without "Database error"
DB migrations	V19/V20 applied on stockdb
Test products	Ball Pen Blue and Notebook A4 200pg exist under Products

Test spreadsheet (Excel): docs/templates/purchase-order-supplier-qa-test-cases.csv

Phase A — Create the supplier (10 min)

Screen 1 — Supplier list

1. Menu: **Stock** → **Suppliers**
2. URL path: /stocks/suppliers

Expected: Table with Code, Name, GSTIN, Phone, Email, Status, Actions. + **Add supplier** button visible.

Test ID: SUP-001 — Pass / Fail: _____

Screen 2 — New supplier form

- 1. Click + **Add supplier**
- 2. Fill in:

Field	Value
Code	SUP-ABC-01
Name	ABC Stationery Traders
GSTIN	29AABCA1234A1Z5
PAN	AABCA1234A
Contact person	Ramesh Kumar
Phone	9876543210
Email	abc@stationery.in
City / State	Bengaluru / Karnataka
Payment terms	Net 15
Credit limit	50000
Default lead time (days)	2
Status	Active

- 3. Click **Create supplier**

Expected: Success message. Supplier appears in list with status **ACTIVE**.

Test ID: SUP-002 — Pass / Fail: _____

Screen 3 — Supplier catalog

- 1. Supplier list → **Edit** on ABC Stationery
- 2. Scroll to **Product catalog**
- 3. Add **Ball Pen Blue:** Priority 1, Lead 2 days, Last price 8, MOQ 50 → **Add to catalog**
- 4. Add **Notebook A4 200pg:** Priority 1, Lead 2 days, Last price 45, MOQ 20 → **Add to catalog**

Expected: Two products listed in catalog table.

Test IDs: SUP-005, CAT-001 — Pass / Fail: _____

Phase B — Create the purchase order (10 min)

Screen 4 — PO list

- 1. Menu: **Stock** → **Purchase orders**
- 2. URL path: /stocks/purchase-orders

Test ID: PO-001 — Pass / Fail: _____

Screen 5 — New PO

1. Click **New PO** (or Add)
2. Search supplier: type **ABC** → select **ABC Stationery Traders**

Expected: Supplier summary card (GSTIN, payment terms, catalog count). **Browse catalog** available.

3. Open catalog → select Ball Pen + Notebook → add to PO
4. Enter line quantities:

Product	Qty	Unit cost (₹)	GST %
Ball Pen	100	8	12
Notebook	50	45	12

5. PO date: today
6. Expected date: today + 2 days
7. Notes: School season stock
8. Click **Save draft**

Expected: PO saved with status **DRAFT**. Line totals and PO grand total calculated correctly.

Test IDs: PO-002, PO-003, CAT-002 — Pass / Fail: _____

Phase C — Approve the order (5 min)

Screen 6 — PO detail

1. Open the new PO from the list

Workflow — choose one path:

If you see this button	Action	Result status
Confirm PO	Click Confirm PO	CONFIRMED
Submit then Approve then Send to supplier	Click in order	SENT_TO_SUPPLIER

Expected: **Receive goods (GRN)** button is enabled.

Test IDs: WF-001 or WF-002 — Pass / Fail: _____

Phase D — First goods receipt — partial delivery (10 min)

Screen 7 — Receive goods (GRN)

1. PO detail → **Receive goods (GRN)**
2. URL path: `/stocks/purchase-orders/{id}/receive`

Enter quantities:

Line	Open qty	Delivered	Accepted	Damaged	Pending balance
Ball Pen	100	100	100	0	—
Notebook	50	35	35	0	Select Backorder for remaining 15

3. Submit GRN

Expected:

- Success message and GRN number created
- PO status: **PARTIALLY_RECEIVED**
- Fulfillment panel shows partial percentage
- Notebook line shows backorder badge (15 units)

Test IDs: GRN-002, GRN-004 — Pass / Fail: _____

Phase E — Check inventory (5 min)

Screen 8 — Product stock

1. Menu: **Products**
2. Open **Ball Pen Blue** — note current stock (call it S1)
3. Open **Notebook A4 200pg** — note current stock (call it S2)

Expected after first GRN:

- Ball Pen stock = S1 + **100**
- Notebook stock = S2 + **35**

Only **accepted** quantity increases sellable stock.

Test IDs: INV-001, INV-003 — Pass / Fail: _____

Phase F — Second GRN — close backorder (5 min)

Screen 9 — Second receive

1. Return to the same PO detail page
2. Click **Receive goods** again
3. Notebook line: Delivered **15**, Accepted **15**
4. Submit GRN

Expected:

- Notebook total received = **50**
- PO status: **FULLY_RECEIVED** or **CLOSED**
- Backorder cleared on notebook line

Test IDs: GRN-003, GRN-004 — Pass / Fail: _____

Phase G — Final inventory check

Product	Total stock increase from this PO
Ball Pen	+100
Notebook	+50

Check inventory transactions / stock movement if available in your shop views.

Test ID: INV-002 — Pass / Fail: _____

Optional bonus tests

Test ID	Action	Expected
WF-003	Create PO → Submit → Reject	Status REJECTED; receive blocked
GRN-006	GRN: Accepted 90, Damaged 5	Stock +90 only
SUP-007	Deactivate supplier from list	Status INACTIVE; Reactivate available

Troubleshooting

Problem	Solution
Database error on Suppliers	Run <code>infra/postgres/patches/stockdb-v19-v20-procurement.sql</code> on stockdb; restart stock-service
No Confirm PO button	Universal procurement may be ON — use Submit / Approve / Send instead
Receive button disabled	PO must be CONFIRMED or APPROVED/SENT (not DRAFT)
Product not in catalog picker	Create product under Products module first

Test sign-off

Field	Value
Tests executed	____ / 35
Passed	_____
Failed	_____
Blockers	
Tester name	
Date	
Shop	GEN-DEMO-01

Pilot ready? If all PO tests pass → PO & Supplier module is ready for pilot use on this shop.

Test case reference (full list)

ID	Module	Priority	Summary
SUP-001	Supplier	P0	Open supplier list
SUP-002	Supplier	P0	Create supplier
SUP-003	Supplier	P0	Duplicate GSTIN blocked
SUP-005	Supplier	P0	Add catalog mapping
CAT-001	Catalog	P0	Catalog loads on PO
PO-001	PO	P0	Open PO list
PO-002	PO	P0	Create draft PO
